September 2016

We are praising the Lord to report a tremendous Congress once again that we experienced in August in Playa del Carmen, Quintana, Roo. We received pastors and missionaries representing their churches from 5 different states. We had a total of approximately 800 arriving in planes, busses, cars, trucks, and taxis! One group even rented a commercial bus and traveled over 30 hours one way! One pastor came for the first time ever and was very impacted with what he saw and has begged us to take the Congress to his church in the bordering state. He is a leader of some 15 churches and brought many of them with him. Another pastor from Veracruz, is also wanting it to go to his state next year. It is a lot of work and a lot of expense, but the blessings don't compare. Everyone left with a heart overflowing with joy! Pray for wisdom for the next year's Congress and the plans already under way.

**Pray for the Christians who are suffering!** In this church in Platon Sanchez, Veracruz, MX, which I founded and built, (Iglesia Bautista Jezrreel) they have been flourishing and victorious having sent out 6 pastors working in various churches in different states. This past July, we installed the new Pastor, Jorge Luis Nava, who had graduated from our University in Monterrey. (Christian University of the Americas)

However, just one week ago, the father of the pastor was assassinated. The family found him 3 days later lying on the side of the road. No one knows who the assassin is, but most likely one of the groups that is killing many people all over. Pray for the Nava family who are all strong Christians. Pray for the new Pastor, Jorge Luis Nava (the son of the murdered man) Pray for the church Jezrreel of Platon. Everyone is mourning for this terrible tragedy. I personally am suffering, also, as the Lord gave me the privilege of starting that church and to be the "Spiritual Father." The picture to the right is of him standing with me. Pray for the persecuted church in Mexico....

**...Speaking of the persecuted church...**

As we have previously reported, Kathy is translating my latest book on the 30 years of persecution in Mexico. Please pray that she can make her goal to finish it by the end of this year! We want to make this available in English for all of our readers such as you.

**Once again, we thank you, each and every one, for your part in the ministry that God has called us to. We thank God for you all every time we receive our monthly reports and review your sacrifice and gifts of love! We have some very urgent needs in certain areas right now and appreciate your continued prayers for us. The financial gifts and the intercessory prayers mean so very much to us, as we remain in His joyful service until He comes...**

Your missionary,

Valente Hernández
